Get Connected to 'Police Connect'

Police Connect is a messaging service connecting you to the very latest policing news for your area via e-mail, text or phone.

There is no charge for this service - all messages you receive are free.

You can register to receive information about the issues that most matter to you and be among the first to be alerted by police in the case of an emergency affecting your area.

You can choose to receive regular updates on crime and public appeals, safety advice and meetings and events. There is the option to receive information about a range of specific interest areas – such as 'rural' or 'rivers and coastal' – as well as updates for business owners and news from your Police and Crime Commissioner. The choice is yours.

While we urge all residents of the county to register, this service is of particular importance to members of Neighbourhood Watch schemes. To find out more – and to register - [click here](#)

Neighbourhood & Home Watch Week - June 20th – June 28th 2015 – GET YOUR LOCAL SCHEME INVOLVED!

Neighbourhood & Home Watch Week is an annual campaign that takes place during the week of the summer solstice. This year it will take place from 20th to 28th June.

The theme for the Week is Fraud & Cybercrime and is the same as last year, as it proved to be a very popular choice, and is the reason why the theme is being continued this year.

During the Week people are encouraged to hold events that celebrate the work of Neighbourhood and Home Watch and/or help raise awareness around the theme. Events could be anything from a street party to an information stall at a local fayre, or even an extension of activities that schemes may already hold on a regular basis.

There are always plenty of ideas and resources available for download from the National Home and Neighbourhood Watch website, just [click here](#) for more details.

Driving licence changes to be aware of – as of 08/06/2015

From 8 June 2015, the paper counterpart to the photocard driving licence will not be valid and will no longer be issued by DVLA. The counterpart was introduced to display driving licence details that could not be included on the photocard. These details include some vehicle categories you are entitled to drive and any endorsement/penalty points.

All drivers should read the advice on the following link - [click here](#)
